# MEDIA & TECHNOLOGY

13 to 17  
years old

ExchangeMate International Education offers a variety of full day Summer Camps for teens in topics of media and technology. The camps are held at Full Sail University in Orlando, FL and provide young creative minds with a unique STEAM based educational experience centered around unlocking creativity, teaching 21st Century skills, and providing the knowledge to make their own content. Each camp is a week-long, and international students take classes with local American students, allowing them to have a deeper cultural immersion experience.

## THE SCHOOL

For more than 40 years, Full Sail University has been successfully educating students in entertainment, media, arts and technology. Over the years Full Sail graduates have worked behind the scenes for many of the world's most well-known brands.

In 2015, Full Sail University created Full Sail Labs, a state-of-the-art educational facility for kids and teens interested in media and technology. Full Sail Labs has been recognized as an Apple Distinguished School for its use of Apple hardware and software in its curriculum to empower students to create content and tell their story. Full Sail Labs' connection to Full Sail University allows it to benefit from their campus, technology, and industry experts.
